

Join us for the next instalment of our  
Infection Prevention and Control Webinars

# GMHP PRESENTS

## HIV and ageing A changing landscape

In partnership with:

GEORGE  
HOUSE TRUST

This webinar is aimed at staff working in care homes for older people or services who support the older person.

### How has HIV changed and what does that mean for supporting people aged 50 and over?

 Practical, up-to-date information for care professionals.

 Realities of ageing with HIV, and providing dignified, informed support to the growing number of older adults accessing care.

 A safe, confidential space where all questions are welcome.

**02 JUN REGISTER NOW**  
2PM-3PM  Live on MS Teams
