

Trauma Informed Leadership in a Changing World Conference

Join us as we bring together leaders, practitioners and partners to explore trauma informed leadership in today's complex and rapidly changing world.

Together we will reflect, learn, and connect, focusing on how we can lead with compassion, curiosity, and courage in the face of increasing challenge and change.

What to expect

Featuring workshops and a wide range of inspiring speakers sharing insight, experience, and practical learning across key themes, including:

Anti-discrimination, anti-racism and tackling antisemitism
Intergenerational trauma and working with communities
Trauma informed communities and the neighbourhood model, aligned with the NHS 10 year plan
Cultural competence and experiences
