

# CAPTURING THE EXPERIENCE OF PEOPLE WITH DEMENTIA

SOCIAL SENSE LTD. AND HITCH WANT TO WORK IN PARTNERSHIP WITH YOU TO BUILD A PLATFORM THAT WILL MEASURE IN REAL TIME, THE EXPERIENCE OF PEOPLE LIVING WITH DEMENTIA AND THOSE WHO CARE FOR THEM.

Social Sense and Hitch have been commissioned by Dementia United to develop a “Lived Experience Barometer.”

This will be used to capture information about what it is like to live with dementia in Greater Manchester.

Since April 2019, we have been meeting with people affected by dementia across all 10 localities and asking, “**what is important to you?**”

We have had an amazing response so far!

With this information, you are helping us to design a platform that will not only capture the lived experience but provide you with valuable feedback on your wellbeing and ensure your voice is heard.

From our consultations with you and understanding your feedback, we recognised the need for a name change that embodies the core values of the project.

We would therefore like to introduce to you, ‘**Greater Moments**’ as the new name for the lived experience barometer.

The name celebrates **the positives and what is possible** for people living with dementia.

It also gets people and local services behind a **shared vision** of creating improved experiences for people living with dementia.

We also wanted to recognise our proud link with **Greater Manchester**.

Your feedback is important to us.

If you have any queries, please do not hesitate to contact us on [info@socialsense.co.uk](mailto:info@socialsense.co.uk) or 0161 216 4080

As part of our ongoing commitment to involving people affected by dementia within the development of Greater Moments, we would like to ask you to select your **favourite 3 logo** designs from any of the categories.

The top-rated design will then be incorporated throughout the Greater Moments project and within the platform itself.

Please provide your response via the following survey link:
